NEW COLLECTIONS 2021

Over the past 40 years, Porcelanosa has evolved from a small tile company to a global manufacturer and distributor for design solutions. With over 30 showrooms in the United States and Canada, Porcelanosa is a luxury lifestyle brand that will make your next project's dream design a reality.

From a wide selection of tiles and mosaics to our modern bathroom and kitchen cabinetry designs, Porcelanosa can work with customers to transform their homes into stylish and functional spaces. In addition to tiles and mosaics, Porcelanosa also manufactures custom kitchen cabinetry, hardwood and laminate flooring, cutting-edge bathroom and sanitaryware, natural stone slabs, installation materials, exterior facades, and their revolutionary KRION® Solid Surface material.

WOOD LOOK

Porcelanosa's porcelain wood-look tile collections unite the warm elegance of natural wood with the technical benefits of porcelain tiles. Each piece is carefully manufactured to mimic the look of natural hardwood. The level of attention to detail is so high that it's difficult to tell the difference between our porcelain wood tiles and real hardwood. Each plank emulates the finest of woods down to the fibers and knots. Discover our latest collections that can help you achieve a wood-look design in your home. Our new collections include wood-look laminates, vinyl and real hardwood flooring.

XTONE

Porcelanosa's XTONE large format porcelain slabs can be used to create sophisticated, elegant, and functional designs for countertops and tables, as well as walls and floors. The new high performance material is made up of sintered porcelain with pure minerals that are compacted and created with the most advanced technological development – all the while featuring a stunning, avant-garde design.

XTONE provides a multitude of benefits, and performs better than quartz, marble, granite, and other common solid surfaces. It is an easily maintainable material that is highly resistant to stains, chemicals, heat and burns, thermal shock, scratching, water, and UV rays.
